

Give your child an opportunity to learn how to create fun programs and games! Coding with Kids classes are updated with **NEW PROJECTS EACH SESSION** so that your student can continue to advance their coding skills. We teach kids real programming skills in a fun and engaging way. Below are the classes available at your school.

LITTLE CODERS

Grades K-2
Wed, 2:15pm-3:15pm
Jan 16 - Mar 27
no class on Feb 20
10-week session
\$205

These activities are not sponsored nor endorsed by the Northshore School District or any of its schools. The district assumes no responsibility for the conduct during or the safety of the activities. Northshore School District shall be held harmless from any cause of action, claim, or petition filed in any court or administrative tribunal arising out of the distribution of these materials including attorney's fees and judgment or awards.

Get them started early! The Little Coders class provides young students with the basics of computational thinking skills, such as loops and conditionals, through a fun blend of hands-on activities. The curriculum is built specifically for this age group, with a mix of activities from coding puzzles and board games to easy-to-use, drag-and-drop programming tools. Projects are updated each session, so returning students will have new challenges to work through and advance their knowledge.

This class is **ONLY** for registered East Ridge students.
